

# Inequalities and Equations Unit

Before			I CAN....	After		
Not Yet	Progressing	Mastered		Not Yet	Progressing	Mastered
			<b>Determine</b> which values make an inequality or equation <b>true</b>			
			<b>Use substitution</b> to decide if a number makes an equation or inequality <b>true</b>			
			Write expressions and equations for <b>real-world</b> problems			
			<b>Solve</b> real-world problems by <b>solving equations</b>			
			<b>Write</b> inequalities to represent solutions for real world and mathematical problems			
			<b>Show and explain</b> that there is <b>more than one solution</b> for an inequality			
			<b>Graph</b> solutions to inequalities on a <b>number line</b>			
			Write and solve equations that have <b>dependent</b> and <b>independent variables</b> .			
			Use <b>tables</b> and <b>graphs</b> to represent equations with dependent and independent variables.
